7. Covid-19 update	JC gave a verbal update to trustees about the work the Return to Normal (RTN) group had been doing in helping staff to prepare planning for September as well as keeping informed the rest of stakeholders. All advice was following government guidance. The group would continue meeting through the summer break. The feedback from staff and parents so far had been very positive and attendance, both for pupils and staff, had been consistently above national level during the crises.	
i. Return to Normal update	JC confirmed that EMAT schools would not be open during the summer. This would allow staff to fully recover during the summer break in order to be ready for September. This decision had been fully backed by the RTN group and all Headteachers.	
ii. Covid19 Attendance	JC explained that restrictions would not be placed on curriculum when students are back in September and the intention was to approach this in a calm and methodical way. Instead, there would a focus on the core subjects of english, maths and science, but schools would continue to provide teaching and learning across the full range of subjects. Similarly, it had been decided not to provide catch-up sessions, as pupils had shown great resilience during the lockdown period and therefore it was considered more useful to provide targeted support and intervention for pupils who would be identified by classroom teachers as needing additional help. In order to identify students, schools would ran a recovery curriculum alongside the existing one during the first six weeks of term.	
iii. Recovery Curriculum	Trustees agreed with all the measures that had been put in place so far. They had felt engaged and informed during the whole process and wished to that in()-ps 20.04 Tcal the measures that had been in place so
